

Product: RESCUE SIGN - CROSS

Reference code: 1738

1. General description

Green-yellow photo luminescent double sided sign for signaling where first aid equipment can be found. The photo luminescent afterglow effect in the dark is characterized by a lasting and very strong afterglow once the exciting illumination has been switched off.

The sign has holes in each rounded corner for screwing onto the wall. The plate can also be mounted pointing out from the wall or hanging down from the ceiling by using a special adhesive sign clip.
